

Info Breakfast 20180828

Good News:

- TVRL has been all over the news this summer. Primarily Caroline and Kenneth. You can listen to them on TVRL LinkedIn.
 - o By the way, TVRL's LinkedIn is on and we can all feed it with news. (Linus did it with the conference in Bergen). Go ahead and use it to spread news and events that TVRL is involved.
- Almedalen
 - o Caroline
 - o Rolf
- Almedalen committee:
 - o Caroline is putting together a group of people to organize TVRL at Almedalen 2019. The idea is that TVRL will be represented at Almedalen every year on LU tent.
- There are some fleece blankets on the drawer in the kitchen for use if it gets too cold in the terrace.

People:

- Lennart Grahn is retiring.
 - o Görel will take the home page and thesis numbering after Lennart
 - o P-O (Per-Olof Rosenkvist) takes the technical part (computers, software, etc)
- **Visitors**
- Sameh Rafee (PhD student – 1 year)
- Majid Kazemzadeh (PhD exchange – 6 month)

Meeting TVRL-CEC Oct/4 9:00-11:00 at Konf. 1 V-huset

- We meet and discuss research cooperation possibilities related to nature based solutions at Water Resources Engineering (TVRL) and CEC between young researchers and PhD students. The focus will be on coastal erosion/flooding, urban hydrology and wetlands. First there will be 5 min presentations of each department/division (Helena Hanson and Caroline Fredriksson are responsible). Thereafter participants that would like to present their research projects get 10 min presentations. We finish with 20 – 30 min discussion about cooperation possibilities. Send me an e-mail if you would like to give a presentation. Feel free to invite other colleagues. Let's aim at a group of about 5 persons from each department/division.

Remind from the State Service centre:

- The payroll system will be down completely between 6/9-7/10. After that, there will be new procedures for applying for leave of absence, payment by hour. Those that are paid for hour of student assistant, exam control and some others may take time before they receive their salary.

Hot Desk:

- Room 3150 (Björn's room) will become a "hot desk" room with 6 places. It is meant for those that are temporarily at TVRL or that work only a small % here. The room will be ready first week in October.

LU Water newsletter:

- Everyone is welcome to share and post information of water activities, water stories, events, coming dissertations, conference on LU Water: www.water.lu.se. Both Swedish and English language are welcome. LU Water is a multidisciplinary platform at LU for different expertise in water to share information and find opportunities to work together. We arrange seminars, conference from time to time. You are welcome to check upcoming events on the website and contact info@water.lu.se for sharing and asking more information.

Next Info Breakfast 25 September
